Summary

Junior Full-Stack Developer who builds responsive web apps with React, Next.js, Node.js and MongoDB. I have built and published real projects, including an LMS platform, a website for a public youth center, a free online tools platform, and a mobile app published on Huawei AppGallery. I am looking for a junior position in a development team to gain experience and grow. Open to freelance work in the meantime.

Skills

- **Frontend:** React, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, shadcn/ui, Ant Design, Bootstrap
- **Backend and Databases:** Node.js, Express, REST APIs, MongoDB, MySQL/MariaDB
- **Also worked with:** Laravel, Flutter (Dart), Supabase (basic), PostgreSQL (basic), Docker (basics), Postman
- **Tools and CMS:** Git, GitHub, Cloudflare Pages, WordPress (design experience)
- **AI:** AI-assisted development (Claude, prompt writing, code review)

Projects

- **AcadTrak, LMS Platform** (Apr 2026): Platform to manage courses, students and learning content. React Router 7, TypeScript, Ant Design, Express, MongoDB. Live
- **M.J.S.E Website** (Sep – Oct 2025): Dynamic website for the Youth House in Sakiet Ezzit, with events, contact details and location. Next.js, Supabase, shadcn/ui, Tailwind CSS. Live
- **Personal Expense Tracker, Mobile App:** Offline-first app with budget cycles and shopping lists linked to expenses. Flutter, Dart. I planned the idea and requirements, developed it with AI assistance, and published it on Huawei AppGallery and Palm Store.
- **Free Online Tools Platform** (Jul – Aug 2025): 20+ free online tools in one platform, such as QR code and password generators. Next.js, shadcn/ui, Tailwind CSS, PWA. Live
- **Bus Route Planning System:** Plans multi-stop routes and calculates distances. Laravel, OpenRouteService. GitHub

Experience

- **Intern, ICS** (May – Jun 2024): Upgraded a legacy project from CodeIgniter 3 to CodeIgniter 4. Tested REST APIs with Postman. Built a map website that calculates the distance and the best route between stations using OSRM.

Education

- **Software Development Bootcamp with AI skills**, GoMyCode (Dec 2025 – Apr 2026)
- **BTS in Smart Systems (KNX) and Industrial IT**, Sectoral Training Center in Electronics, Sakiet Ezzit, Sfax (Jan 2020)
- **High School Diploma**, Monji Slim High School, Sakiet Ezzit (Jun 2017)

Certificates

- The Complete Full-Stack Web Development Bootcamp, Udemy (Sep 2026)
- MERN: React, NodeJS, Express and MongoDB, Udemy (May 2025)
- React JS: Hooks, Redux, State, Router, Udemy (May 2025)
- Laravel 12: The Complete Guide for Beginners, Udemy (Aug 2025)
- DataCamp: Claude 101, Introduction to Docker, Introduction to SQL, Understanding Cloud Computing

Volunteering and Activities

- **Tunisian Red Crescent, Volunteer** (2018 – 2022): Took part in organizing and fundraising during the COVID-19 period. CPSE first aid certificate (Jul 2020).
- Certificate of participation, Communication and Leadership Techniques (Feb 2020)
- Participation in the inaugural Prolink Job Fair (2024)
